

Complaints Policy/ Procedure

This policy constitutes the club's formal Complaints Procedure and is open to any person, group or organisation connected to the club in any way, i.e. a child, parent, carer, teacher, caretaker etc. It will be displayed on the club noticeboard or made readily accessible to all users of the club including on our website.

The club acknowledges that at times parents or others connected to the club may have concerns about the service we provide. We hope to resolve any concerns, in the first instance, by talking to the person raising the concern and then by taking appropriate and prompt action. However, if the club receives a formal complaint about our service verbally or in writing we will investigate the complaint, take any necessary action and report the outcome to the complainant. We will keep a copy of all formal complaints on file.

We also recognise the importance of recording all concerns, complaints and compliments to effectively monitor, review and improve the service we offer.

The club also acknowledges that it is an expectation from Ofsted that we also record any complaints that relate directly to EYFS welfare requirements, whether or not these complaints are subsequently passed on to Ofsted.

A complaint or concern is not always a written statement – it may be a verbal comment, it may be a change in attitude from a parent/carer or it may be an action e.g. when a child is withdrawn from the club for no obvious reason. All staff need to be able to recognise a concern or complaint and be able to know how to manage any concerns or complaints that arise, as they arise before these escalate into formal complaints – we expect this as part of the customer service we provide.

A complaint or a concern may come from a variety of sources – from a child, a parent, another member of staff. It may come via Ofsted where someone has contacted them directly. This policy should be read in conjunction with our Safeguarding Policy, which is on our website and on display in the club parent area. Timescales quoted here may not apply where there is Safeguarding concern which many supersede this guidance.

All complaints must be addressed through ecclesallkids@gmail.com, all correspondence will only be sent and received via this email address, so we have a complete ongoing correspondence record.

Stage One

If any person is dissatisfied with or has a concern about any aspect of the setting they should, in the first instance, take up their concern with the Play Manager.

If the person making the complaint does not wish, for any reason, to raise the matter with the Play Managers, they should then be directed to approach the Club Business Manager at the ecclesallkidsclub@qmail.com address.

If complaints are connected with Magic Booking, finance, payments, Data Protection or premises these should be directed to the Business Manager.

If applicable, any concerns will be recorded on a 'Record of complaints/concerns received' form (See attached example)

If the matter is not satisfactorily resolved after informal discussion and / or written correspondence and the person raising the initial concern wishes to make a more formal complaint, Stage 2 will come into operation.

Stage Two

Any complaint should be made in writing and addressed to the Management Committee. If a complaint is made verbally, the person will be asked to put the complaint in writing.

Any further information will be recorded in the complaints file form and kept in a secure place.

The Management Committee will acknowledge receipt of the complaint as soon as possible and will then investigate the complaint and take action as appropriate.

A formal written response (which can include a copy of the Complaints Record or a separate letter giving more detail) will be sent to the parent/carer concerned, with an account of the findings and any action taken. This will be within 28 days of the date on which the complaint was made.

A further record of the complaint will be kept and made available to the parent/carer requesting it. Confidentiality will be maintained and it is not a right of the complainant to see an investigative notes that may breach privacy or Data Protection Regulations with regard to actions taken to resolve or investigate a complaint unless the parties give written consent.

All staff will be made aware and act upon any recommendations arising from dealing with the complaint, including any amendments to the club's procedures and policies and a lessons learned review may be undertaken.

If there is good reason to believe that the complaint has child protection implications, the complaint will be anonymised and the Management Committee, and if appropriate any relevant bodies will be informed immediately and procedures within the Safeguarding Policy will be enacted.

The Management Committee will always bear in mind its legal and registration requirements when dealing with a complaint, our aim is to support our parents/carers and resolve their concerns as quickly as we can. The Management Committee has a duty of care to its staff and complaints that are proven to be malicious or vexatious, or shared via social media in or outside club processes in order to bring the club into disrepute may lead to cancellation of a parent/carers membership of the club and legal advice being taken. Please see the Parent and Carer Behaviour Policy for further details.

If the person making the complaint remains dissatisfied, and should the concern be connected in any way with the registration of the Club, they may wish to contact Ofsted, who have responsibility for Registration and Inspection of our Club play setting. If a person making a complaint feels that they are unable to approach the club, its Managers or Committee about a complaint, they may contact Ofsted immediately, depending on the nature of the complaint Ofsted may request that the clubs internal complaints process is revisited.

Ofsted can be contacted as follows:

Ofsted
Picadilly Gate
Store Street
Manchester
M1 2WD
